Summer car park charges at Carlyon

Parking charges are to be introduced in the top car park above Crinnis Beach as part of a summer events programme from 1st June to 30th September.

“We are planning a wide range of exciting beach events for this summer which involves additional free amenities including public toilets, a frisbee golf course and beach furniture for everyone to use. To help make this all possible, we will be introducing a minimal parking charge,” said Jacky Swain, CEG’s Communications and Site Manager.

“We want to continue to build the beach as a fantastic destination for everyone and these charges will help us do this while also bringing Carlyon Beach in line with many other Cornish seaside car parks.”

Eleven events have already been confirmed for this year with many more to be finalised soon. These include a frisbee golf tournament on May 28 to mark the launch of the course, which will remain on the beach all summer, three beach banquets, local pop-up food stalls, live music, wine tasting, beach yoga, massage and various sporting events including the Mad Hatter 2k swim on June 25.

Everyone is invited to enter a team for the frisbee golf tournament and further details can be found on the Carlyon Beach Facebook page.

The first beach banquet date has been confirmed for July 9 with food provided by the head chef at The Globe, Fowey, Glynn Wellington.

Rogue Theatre will be presenting its family friendly extravaganza ‘The Deep Blue Summer Ball’ on July 22,23 and 24 and Miracle Theatre is returning on August 25 with its popular show ‘The Magnificent Three’.

Local talent is being sought to play at live music gigs on the last Saturday of each month from May to September. Further details are on the Facebook page.

The car park fee will be a flat £2 per vehicle per day, or £1 for motorbikes/scooters. This is payable for vehicles entering the car park between 9am and 6pm and will apply 7 days per week, including Bank Holidays. Parking outside of these hours remains free of charge.

Blue badge holders are exempt and drivers entering the car park before 9am will not be charged, even if they stay all day.
